WIT AND HUMOR.

Passing around the hat is one way of getting the cents out of the meeting.

Men should learn humility. A lightning bug has six legs, a man only two.

People learn wisdom by experience. A man never wakes up his second baby to see it laugh.

Taking things as they come is not so very distressing. It is parting with them as they go that cuts one to the very soul.

Eternal fitness was never more appropriately dove-tailed in than in the euphonious name of the German pianist, Hammermitt.

"We go in for the old flag," remarked the property owner who was ordered to lay a new sidewalk along the front of his lot.

"How did you like the lecturer?" "I didn't like him at all. He gave us a perfect Niagara of words and only a rivulet of ideas."

What is the difference between freight and cargo? A horse-car conductor says the passengers make the freight and the horses make the cargo.

"Mean!" she cried. "My husband is the meanest wretch in the world. He won't give me the least excuse for complaining."

"H'm!" ejaculated Fogg. "So they say this play is taken from life? I should say rather that the life is taken from the play."

In a horse-car - "Campbell, my dear fellow, don't show good breeding toward the ladies, or people will think you came from the country."

"Is it injurious to eat before going to sleep?" asks a correspondent. Why not; not fatally injurious; but you try eating after you go to sleep if you want to see a circus.

"See, mamma!" exclaimed a little child as puss, with arched spine and elevated rudder, strutted around the table; "see, kitty's eaten so much she can't shut her tail down."

You do not deal a death blow to the Darwin theory by saying, "Man descended from the monkey, but what did the monkey descend from?" The monkey descended from the tree.

"Mother, what have people got noses for?" asked an Austin child of her mother, who had been better days. "To turn up at poor folks," was the cynical response.

"I understand that your courtship with Charley is at an end," "Yes," said she; "Charley pressed his suit until it became threadbare, and then I gave him the sack."

A Kentucky lover, who swore by the great horn spoon that he'd like to die for his girl, stood on the river bank and saw another chap pull her from the water, and never even offered him 15 cents reward.

The thing now for city girls rustling in the country is to whistle miniature hay ricks out of white wood and send them to their admirers in town. This probably signifies "Come and make hay while the sun shines."

"Why is Mrs. Brown putting on so many airs of late?" asked Mrs. Jones of Mrs. Smith. "Haven't you heard of their windfall?" rejoined Mrs. Smith. "No, what is it?" said Mrs. Jones. "Why, Mr. Brown's uncle in the country has just died and left him forty bushels of potatoes."

"Oh, mine gracious, mudder!" exclaimed Miss Rosgarten at Long Branch, "here comes Adolf Minzenheimer; I'm sure he will ride in his top card." "Vell, you please declines mit yourself," angrily says Mrs. Rosgarten, "for mine daughters don't ride mit top cards when dere is horses and carriages around."

Sullivan, the pugilist, has been pitching for a nine of Boston "wine clerks." Benny Greene, another pugilist, took part in the game. As a pitcher, the "knocker out" was not a great success, as the balls he delivered were so often knocked out - knocked out so far that his nine lost the game.

It is gratifying to know that there is a single section in the country where the toy pistol is not the most important factor in increasing the mortality record. In the South, for instance, a beautiful girl who gets a "mash" on two fellows and allows them to fight a duel, may be considered as deadly a weapon as the toy pistol.

A Hoosier youth named Goeley or Gosling, probably the latter, saw a girl at church, courted her two hours, and at the end of three was married to her. A man who does up all his courting in two hours and marries misses lots of fun. It's like stuffing himself with peaches and cream in five minutes and then having dyspepsia the balance of the year.

Lewis G. Folger, Esq., 25 Elizabeth street, Cincinnati, says he was cured by St. Jacobs Oil of a very severe attack of neuralgia in 20 minutes.

A FATAL MISTAKE.

How a Blundering Judgment May be Responsible for the Most Serious Results.

Mr. Edwin Booth said recently that he supposed his lungs were affected, having a persistent cough until he saw Dr. Mackenzie, of London, who found that his symptom arose from a disturbance of the liver. - N. Y. Herald.

The above item, which has been going the rounds of the press, is of no special significance other than to the personal friends of Mr. Booth, except that it brings to light a truth of the greatest importance to the world.

Few people pass through life without the affliction of a cough at some point in their career. In most cases this is considered the result of a cold or the beginning of consumption, and therefore have become terrified at this revelation and have sought by a change of air and the use of cough medicines to avert the impending disaster. It may safely be said that more than half the coughs which are afflicting the world to-day do not have their origin in the lungs, but are the result of morbid troubles in other organs of the body.

"Liver coughs" are exceedingly common and yet are almost wholly misunderstood. Arising from a disordered state of the liver they show their results by congesting the lungs. In fact, the efforts of the liver to throw off the disease, produce coughing even when the lungs themselves are in a healthy state.

But is a mistake to suppose that such delicate tissues as the lungs can long remain in a healthy condition when they are being constantly agitated by coughing. Such a theory would be absurd. Consumption, which was feared at first, is certain to take place unless something is done to check the cause. This must be plain to every thoughtful mind. It stands to reason, therefore, that the only way in which "liver coughs" can be removed is by restoring the liver to health.

In this connection another fact of great importance becomes known, which can best be explained by the relation of an actual event. Mr. W., a wealthy cattle dealer of Colorado, became greatly reduced in health and came east to Chicago for the purpose of being cured. He consulted Dr. J., one of the leading physicians of the country on pulmonary subjects and began treatment for the cure of his lungs. But his cough increased while his strength decreased. Finally he determined to consult another physician and applied to Dr. B. After a careful examination he was informed that his lungs were perfectly sound, while his kidneys were in a most terrible condition. He had all the apparent symptoms of consumption, but he was suffering from the terrible Bright's disease. The symptoms of consumption are often the rare indications of Bright's disease.

The above truths regarding coughs have been known by the leading physicians for several years, but the public have never been informed of them. They are serious facts, however, and should be understood by all, so that dangers which might otherwise prove fatal may be avoided. They clearly prove one great truth, which is that the kidneys and liver are such vital organs that their health should be constantly guarded. The distressing, hacking cough, which is often dreaded as the forerunner of consumption and the wasting strength accompanies it, in all probability may arise from weakened or diseased kidneys or liver, to restore which would cause returning health. How this most desirable end may be attained has long been a problem, but few people of intelligence at the present day have longed any doubts that the popular remedy known as Warner's Safe Kidney and Liver Cure has done more to correct, relieve and restore these organs than any other preparation ever before known. There are hundreds of instances which have occurred within the past three months where individuals have believed themselves the victims of consumption, when, in reality, it was deranged kidneys and liver, which this remarkable medicine has completely cured, as witnessed the following statement:

BUFFALO, N. Y., July 6, 1882. - I believe it to be a fact that thousands of cases of so-called consumption can be successfully treated by simply using Warner's Safe Kidney and Liver Cure as directed. I was one of the "given up to die" persons - had every symptom of the last stage of consumption - bad cough of four years standing, night sweats, chills, etc. A season south did no good, and the fact was the case looked discouraging. I took Warner's Safe Kidney and Liver Cure, and in three months I regained over twenty pounds, and my health was fully restored. W. C. BRACH, Foreman Buffalo Rubber Type Foundry.

There are thousands of people in America to-day who believe they are the victims of consumption and destined to an early grave and who are trying to save themselves by the use of consumption cures, but are growing worse each hour. Let all such persons stop, and calmly consider whether they are not seeking to check a disease in the lungs, when it is located in

the kidneys and liver. Let them then treat the disease in its original stronghold and by the remedy which has been proven to be the most effective and then look for the return of health and happiness which such treatment is sure to bring.

EDITORIAL NOTES.

Prof. E. E. Barnard of Nashville, Tenn., on the 14th instant discovered a new comet located near the star of Lambda, in the constellation of the Twins. His discovery was announced by telegraph to H. H. Warner, at the Warner Observatory, Rochester, N.Y., and at almost the same moment Prof. Lewis Smith, Director of the Warner Observatory, received intelligence that a "new comet" had been discovered in Rio Janeiro, South America. Prof. Barnard is the first person the present year to receive the Warner prize of \$300.

The Republicans of Storey county met yesterday and nominated J. Minor Taylor State Senator. It was a close fight between Taylor and Dr. Harris. Mr. Taylor receiving the nomination by a majority. United States Senator J. P. Jones is supposed to have had a finger in the pie. His friends were working to secure the nomination for Harris. Taylor's election means one vote for somebody besides Jones for United States Senator, two years hence.

Since the nomination of Hon. C. C. Powning for Congress, by the Republican party, says the Reese River *Reveille*, he has been made the subject of personal ridicule, abuse and vilification by the Virginia *Chronicle*. The example of the *Chronicle* is not followed by its respectable Democratic contemporaries. The *Chronicle* seems to have a particular personal spite against Mr. Powning, and immediately upon his nomination started its mud batteries to besmirch him.

WESTERN TELEGRAMS.

Anti-Slavery Convention.
SACRAMENTO, September 27.
The anti-slavery convention met at 8 A. M. The Committee on Order of Business recommended that it would be inexpedient to make nominations at present. The report of the Committee on Platform disclaimed any desire to interfere with drift or quartz mining, or with the lawful rights of hydraulic mines, but claims that it is the duty of the State to protect its citizens, and calls upon the people to elect a legislature who will pledge themselves to do so; it favors the passage of a law by which parties committing common nuisance may be joined in one suit; holds that the system of debris dams is a delusion and constant source of danger, and pledges the convention to refuse any compromise on the anti-slavery question on such a basis; opposes the spending of money voted by Congress in the construction of dams, and demands that it be spent in deepening the channels of rivers; favors the appointment of a committee of two to attend the farmers' convention at Stockton October 7 to secure their co-operation. The platform was adopted unanimously.

Emerald Nominations.
CANDLERIA, September 27.
The Republican Convention nominated the following ticket yesterday: Senator, J. B. Gallagher; Assemblymen, Thomas H. Wells and Robert T. Morris; Sheriff, Clem Ogg; Assessor, E. L. Buckingham; Recorder and Auditor, Frank H. Rice; Clerk, J. W. Bleakley; District Attorney, D. J. Lewis; Treasurer, Ira P. Hale; Surveyor, J. M. Houston.

TELEGRAPHIC BRIEVITIES.

TO-DAY'S NEWS

Press Dispatches to EVENING GAZETTE.

EASTERN DISPATCHES.

Jay Gould's General Disclaimer.

NEW YORK, September 26.
The World says: By way of ascertaining what basis, if any, there might be for certain tales which have been set forth of late with tremendous rubadub by two or three local newspapers, a reporter yesterday found Mr. Gould in his office and interviewed him on the subject of his alleged attempt to buy up the Associated Press. The reporter said:

"It is stated in sundry quarters that you have been trying to purchase the New York Journal of Commerce. Have you any objection to say whether this is so or not?"
"It is ridiculous. The only grain of truth in the story is that a gentleman closely connected with the Journal of Commerce, in fact, one of the editors, sought an introduction to me at a private house, where we both happened to be, and stated that he was thinking of making up a syndicate to purchase the Journal and wanted to know if I would go into the operation."

"How did you receive the proposition?"
"I naturally asked the editor to let me have a copy of the trial balance of the concern, that I might see what its financial position was. The trial balance was never sent to me. This is the whole story of my attempt to purchase the Journal of Commerce, and this is as near as I ever came or am likely to come of being owner of that great journal."

"Is there any more truth, Mr. Gould, in the story which seems to be flying about in a lively manner, that you called on Mr. Jones of the Times and offered him in vain a million and a half dollars for 51 shares?"
"There is, if possible, rather less truth in that legend. I have had no financial dealings of any kind with Mr. Jones of the Times."

Virginia Politics.
RICHMOND, September 27.
The political situation in Virginia grows more interesting and exciting as the day of election draws near. Blaine's views upon Virginia, expressed some days since, had a stirring effect, whether or not be intended, and Mahone's negroes here begun upon him and are doing all they can to belittle him and his views. A number of Republicans who began acting with Mahone have observed more caution in this district. John Ambler Smith (Republican), a Mahone candidate for Congress, was asked whether he was a Blaine or Arthur man, and declined to answer, and to-night it is rumored that Smith is to be withdrawn by Mahone and Strong, an Arthur candidate, put in his place.

It is stated on high authority that a prominent colored man from Washington will soon stump the State with Blaine. It is thought Fred Douglas will be the man.
Death in a Prairie Fire.
REDFIELD, Dakota, Sept. 27.
A great prairie fire is raging in this country and has destroyed much farm property and threatens Redfield. Dr. H. M. Towne, formerly of Chicago, and Zacharias Jolin, formerly of Taylor Ridge, Ill., were surrounded by fire and endeavored to run their team through the flames, but the horses turned suddenly and both were thrown from the wagon. Towne's leg was broken and he smothered and was burned a crisp. Jolin escaped, but was horribly burned.

A Republican Free Fight.
NEW ORLEANS, September 26.
The Republicans of the Second Congressional District, after indulging in a free fight in which a number were knocked down, pistols drawn and fired and a negro Sergeant-at-Arms of the convention fatally stabbed, nominated Judge Wash Marks, at present internal revenue collector of this district.
Four Persons Drowned.
SOUTH LEBANON, O., Sept. 27.
Five persons entered an old boat at five o'clock yesterday to cross Miami river. During a playful struggle for possession of the oars the boat capsized and four of the party were drowned. Their names were Newton and Ella Wallace and Abraham and Belle Lucas.

A Georgia Disturbance.
ATLANTA, Ga., September 27.
A dispatch from Leary says: In a fight between Lucius Edmunds alias John Spicy (colored) and a Sheriff's posse, Spicy was killed. Spicy, in resisting, shot one of the posse and accidentally shot and killed his own wife.

Another Jeannette Survivor.
WASHINGTON, September 27.
The Secretary of the Navy has received the following cable message from Minister Hunt at St. Petersburg: "Gilder has arrived here, accompanied by Henry Wilson of the Jeannette. Both well."

A Regular Church Social.
WYTHEVILLE, September 27.
During the session of the Baptist Association at Hampton Cross Road yesterday two young men under the influence of liquor began a pistol com-

bat in the church, causing a panic among the worshippers. Levi Bryson was fatally shot by Jerry Cox, but succeeded in fatally shooting Cox. Both died in the church. Many men were injured by being trampled on during the panic.

An Old Game Revived.
TERRA HAUTE, September 27.
A man named A. J. Thompson has victimized banks here out of \$2,000 by means of duplicate bills of lading, the word "duplicate" being chemically removed. It is said he victimized the Worthington Bank out of \$1,900 by the same trick. Thompson has disappeared.

FOREIGN TELEGRAPH.

Hot-Headed Frenchmen.
PARIS, September 27.

While the Jeromist section of the Bonapartists were holding a meeting to denounce the newspapers *Pays* and *Petit Corporal*, the opposition section of the party forced an entrance into the hall. Revolvers and sword canes were displayed and a number of assaults committed. The Jeromists declare that the recent duel between Dechard, editor of *Petit Corporal*, and Demassas, editor of *Combat*, in which the latter was killed, was virtually an assassination. The feud between the two sections is becoming very intense, and Republicans are delighted at the dissensions among their enemies.

What England Wants For Egypt.
LONDON, September 27.

Fowcett, Postmaster General, speaking at Hockney, said: "England has no selfish object. Her chief concern is to secure to Egyptians the best government and greatest amount of liberty. Abuse connected with late control will be avoided in future. Egyptians will not have to submit to the injustice of having a large part of the revenues appropriated by foreign officials."

An American Horse Wins.
LONDON, September 27.

The Great Western Railway handicap at Newmarket was won by Lorillard's Aranza, Hornpipe second, Warbird third. The betting against Aranza at the start was two to one. She won by six lengths.

Philanthropic Austrians.
VIENNA, Sept. 27th.

An ordinance is issued authorizing the Government to expend 700,000 florins in aid of the sufferers by floods in Tyrol.

Prospecting at Pyramid.

Some very fine chloride ore was brought in from Pyramid last night, taken from a claim—the Yellow Virginia—owned by L. Radovich of the firm of Chielovich & Co. of the Wine House. The vein is large and well defined at present depth. There is about eight feet of good ore. The Roma-Union tunnel is 800 feet and work in it is being prosecuted vigorously. They have about 35 feet to run to cut the vein, which on the surface has been proved by prospect shafts and drifts to be nearly 100 feet wide. The tunnel has cut several large feeders to the main vein, one of which was eighteen feet wide, and several others about six feet. The mine is situated about 2,500 feet northeast from the Jones & Kinkaid.

SEE THE FAIR.

Give the Family a Chance to Know What is Going on.

Once more the crops are harvested, and the period of the annual fair is at hand. We think it a good thing to say to all the readers of the GAZETTE that they ought to attend the fair.

It is quite certain that while we have lots of lazy people in this country, there are still many who work too much and too continuously. It is well said that in America we have too few holidays.

Not only should the farmer go to the fair, but he should take his family; if the farmer himself takes too little recreation, what shall be said of the faithful wife? Her life is a long round of hard work and she, more than all others, is entitled to enjoy the farmer's annual festival.

And still it is not enough for the farmer and his family to go to the fair. It ought to be considered not merely the privilege but the duty of every one to take something for exhibition. If the head of the family has nothing to take let the boys exhibit a colt, a fine calf, a lot of pigs, or some product of the fields. It is in this way that a successful fair is made. People alone, however good looking and interesting they may be, do not constitute a good agricultural show.

An agricultural board cannot make a successful fair without the aid of the great body of the farming population. It is for the people themselves, by contributing to the various stalls, pens and departments, to make a grand aggregate to instruct and interest all who look on.

The annual fair is, and ought to be, highly prized by the farmers. It is not only a school where much that is useful can be learned, but it is an occasion for social intercourse that is delightful. What can be more pleasant than to see the farming community exchange friendly greetings and talk over matters in which all have the deepest interest?

Let the annual fair be promoted in every proper way. It is a bright and good spot in the history of each year.

Gathering Sulphurets.

A GAZETTE reporter, the other day, saw several men at work in the bed of the Carson river with a sluice-box like the old-fashioned "long-tom," except that the holes in the bottom were hardly larger than the meshes of a 30-screen. Underneath was a canvas incline with still steeper box on the sides. There was a ridge running the whole length of the canvas, making a gentle slope toward the small boxes or sluices. The sulphurets from the tom sagged down into these side-boxes, while the heavier material worked its way down toward the end of the canvas incline. It is difficult to describe the apparatus, but it appeared to be an effective concentrator, as the men had saved a considerable quantity of sulphurets and some amalgam. No doubt there are many tons of the same sort there in the bed of the river, which is so low now that it is easy to get at. It is believed by many who know of the immense quantities of rich metal and particles of amalgam that "went down the creek" in the flush days of Virginia, that a fortune awaits the man who will work the bed of the Carson systematically.

Light Grain Crops.

The Silver State says that farmers in all the agricultural valleys in Humboldt county complain of light grain crops. The cold, backward Spring was unfavorable for wheat and barley, and the intensely hot weather of July and August had a bad effect on those cereals. Not much over half the average wheat and barley crop has been harvested in Paradise valley, which is the great grain growing section of the county. The quality of the grain is said to be fully up to the average, but it is woefully deficient in quantity, as those who are now threshing readily discover.

Didn't Know the Ropes.

A Bodie merchant, who ought to have known better, climbed into the C. P. train this morning going east, thinking he was safely on his way to Bodie. Conductor Havenor of the V. & T. detected the mistake, and, by one of those queer signals known only to railroad men, stopped the C. P. train and enabled the Mono man to get pointed in the right direction. There are lots of travelers who cannot realize that a train going east is not going south at the same time.

A Good Idea.

Somebody suggests that if a moderate reward be offered for the recovery of the bodies of the drowned Larcumbe, Indians will take hold of the matter in earnest and probably find the remains. They are indefatigable searchers for anything that brings money.

Thrown from a Horse and Killed.

Gorge W. Sloan, twenty-one years of age, was thrown from a horse at a rodeo on the Humboldt river on the 25th, and sustained injuries which proved fatal in a few hours.

Women's Temperance Union.

The ladies of W. O. T. U. will occupy their new building next week, and will use the same, it being Fair week, in giving lunches during the week.

AT THE TRACK.

More Horses at the Grounds than Ever Before—A Fine Week's Sport Assured.

Everything at the Fair Grounds is booming. The Trustees have the grounds cleaned up nicely, the grand stand in good order, and the track in most excellent condition. The stalls are rapidly filling up, and by Saturday there will be as fine a field of thoroughbred flyers as was ever seen in this State. Lawrence & Sherman's Greenville stable is on the grounds and contains Carlisle and Roanoke, both trotters. E. V. Spencer, Susanville, is there with his beautiful little trotter Belle Spencer. C. Hoffman has Baldy Green. Frank Dodd is working his black gelding Fred B., also Gopher and Sleepy Sam. Wm. Hamilton has Queen. The little mare is entered in two races—the green horse contest and the District 2-50 race. George Richards of the Carson Sink has Tommy Chandler, Bungler, Billy the Kid and a three-year old, all runners. Stemler & Ayer, San Francisco, will arrive in the morning with two car-loads. Theodore Winters' stable will also be here on the morning train with another car load from California. There are more entries than ever before and the speed programme will be intensely interesting. Visitors can rest assured of seeing better races than ever before took place on the track. The display of live stock will be first class. The outlook for a rousing meeting was never better.

"Hazel Kirke."

The Madison Square Theater Company of New York, which will appear at the Nevada Theater this evening, has met with unprecedented success. Monday evening the company appeared at Piper's Opera House in Virginia. The *Enterprise* has the following concerning it: "Hazel Kirke" is a beautiful play. Like old wine it improves with age. Its construction bears fairly to human nature, and its pathos is drawn so exquisitely as to command tears from eyes not usually given to the melting mood. The actors and actresses, too, are splendid in the rendition of their parts. They have played the piece so long and so constantly that its substance has become second nature to them. The members of the company are so thorough in the delineation of their respective characters that it becomes supererogatory to individualize them, and in stating that the performance of "Hazel Kirke" last night was perfect, delightful and above criticism, covers the full measure of praise and acknowledgment of art that any writer can pass upon it." The box sheet at the post-office is nearly full, and all who would attend must secure their seats early.

The "Butcher-Bird."

Several pet canaries have lately been killed in Reno by a voracious bird, a sort of cross between a hawk and snipe. The feathered brute lights upon a cage and reaches in between the wires with its long, thin claws, and that's the last of the singer. The heads of the songsters are sometimes torn off by this savage bird, which is about half the size of a pigeon, is slate-colored, with white spots on the wings. It is armed with a long bill shaped like that of a hawk, and is very ferocious. It is known as the "butcher bird."

Death of a Nevada Pioneer.

John Leggett, who has lived in Carson since its earliest days, died yesterday morning at the Ormsby county hospital of general debility. Deceased had long been failing, though his demise was somewhat unexpected. Old age and sickness had attenuated his form to the semblance of a skeleton, and it is thought the chill morning air hastened his death. Mr. Leggett was a native of Glasgow, Scotland, and 64 years of age.

School For Girls.

The roll of honor in the academical department of Bishop Whitaker's School for girls for the month ending Sept. 20th: Armenia Grippen, 98.6; Kittie Grippen, 98.5; Louise Sissa, 98.1; Cora Manning, 98.1; Hattie Schooling, 98; Carrie Melly, 97.5; Emily Cutting, 97.5; Abbie Mason, 97.3; Clara Schooling, 97.3. In the Department of Music: Cora Manning, Kittie Grippen, Carrie Melly, Kittie Falk, Emily Longabaugh.

Bullion Talks.

A bar of gold bullion weighing eight pounds and a half was brought in yesterday from the Dwelly mill, from ore from the Ventura mine in Silver Glance District. The most of the mine is owned in Reno. The Ventura is proving itself good property.

Losing Interest.

Out of a membership of 70, Washoe Engine Company, No. 2, could not get enough for a quorum at their monthly meeting on September 25. Unless there is more interest taken in fire matters there will soon be no company at all.

Cordially Received.

Next Governor Strother and party were received at Hawthorne by a delegation from Candelaria, with a brass band. Music and enthusiasm accompanied the next Governor on his way to the great chloride camp.

PERSONALS.

F. H. Coffin of San Jose, Cal., is in town.

W. J. Mulligan of Truckee is visiting Reno.

J. C. O'Donnell of Placerville is at the Arcade.

J. D. Galvin of Tombstone is registered at the Arcade.

Geo. C. Thaxter, the Carson drug-gist, went below last night.

G. W. Wren, a Surprise Valley farmer, is at the Golden Eagle.

W. E. F. Deal passed through en route to San Francisco last evening.

Peter Boyce, an invalid from Steamboat, is breathing the fresh air of Reno to-day.

On the 1st of October Governor Stanford, wife and family, will leave for the East, to remain there the greater part of the year.

J. W. Adams came in from the Great East last night, where he has been on a political "still hunt." He found game pretty scarce.

I. D. Cross, Jr., one of the old-time Reno boys, is visiting friends in this city. I. D. has been around some lately and says Washington Territory is the boss country.

Milt. Aldrich, than whom no man is better known in Mono county, is in this neighborhood, with the intention of steaming himself at Moeller's springs and attending the Nevada State Fair.

N. Travis and wife are at the Palace. He will take his wagons, with twenty odd mules, to Washington Territory and locate permanently, probably engaging in the stock business. He has been logging all Summer in Truckee.

Postal Department Order.

The Postal Department has issued the following instructions in regard to money orders: If an order is not presented for payment within one month after its receipt, the Postmaster shall notify the payer that the order has been received. After that time, if the payer cannot produce the original order, to receive payment he will be required to have the sender apply for and forward a duplicate.

For District Attorney.

Wm. Cain's name will be presented to the convention Saturday for District Attorney. Mr. Cain is well known to every voter in the county. If nominated he will be elected by a large majority.

Being Screwed Up.

The Virginia street bridge is being screwed up and getting a thorough overhauling. The structure has never been properly "set up" since it was built.

LIEBIG MALT EXTRACT.
RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.
NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their trouble. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and excites a generous flow of milk.
WEAK AND SICKLY CHILDREN, who suffer from indigestion and weakness, the result of disease, over-study or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.
INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment, the Extract will prove an excellent substitute for food. It neither palliates upon the appetite nor offends the taste.
DELICATE FEMALES, who suffer from the weakness of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and restores the system.
WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.
AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of the food, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.
THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fine engraved likeness of Baron von Liebig, and a facsimile of his signature, as well as that of A. VOGLER & CO., Barmen, Germany, Sole Agents for America.

REPUBLICAN PLATFORM.

RESOLVED, That the honor and glory of the
Republic, its continued peace, prosperity and
progress will be best secured by the perpetua-
tion and continued success of the Republican
party. We declare our fidelity to the prin-
ciple as expressed in the Chicago platform of
1860, and as further embodied in its great his-
tory from its organization to the present time.

RESOLVED, That in the tragic death of Presi-
dent Garfield our country has suffered a de-
plorable loss, and the Republican party mourns
for one who consecrated a noble and heroic
life to the vindication of its great purposes.

RESOLVED, That we have faith in the pru-
dent and sagacious administration of Presi-
dent Arthur and believe it will result in pro-
moting the best interests of the country.

RESOLVED, That the presence in our midst
of a servile race of aliens, incapable of assist-
ing with our institutions, is a perpetual
menace to a class of society. The relief
extended to our people by the passage of a
law excluding the Chinese by a Republican
Congress and approved by a Republican Presi-
dent is a genuine cause of satisfaction. We are
in favor of strenuously enforcing the pro-
visions of said law, and we pledge the Republi-
can party to labor now and henceforth to se-
cure such further legislation as will perma-
nently exclude the Chinese.

RESOLVED, That we recognize the paramount
importance of maintaining unimpaired the
free public school system of the State. We
shall defend it against all attacks, political or
other improper influences, and we favor such
further legislation as the condition and wants
of the common schools of the State may re-
quire. As free institutions they should be so
conducted as to satisfy poor and rich alike,
and upon this principle we urge the adoption
of some system by which this State shall fur-
nish the text books at the lowest possible
figure.

RESOLVED, That owing to the remote position
of Nevada from the sea-board and the en-
tire absence of navigable waters and com-
peting lines of railroads to and from com-
mercial centers, we demand from Congress such
wholesome and effective legislation as will
place our people on terms of equality in re-
spect to transportation charges with com-
munities specially favored by railroad monop-
olies.

RESOLVED, That we pledge the Republican
party of Nevada to such a course of enlight-
ened legislation as will extend to railroad and
other corporations doing business in this
State the same protection and the same rights
before the law as is accorded to individuals—
no more and no less. And further, that the
Republican party favors and demands at the
hands of the State Legislature legislation regu-
lating and equalizing freights and fares on all
railroads within this State.

RESOLVED, That we are in favor of the Gov-
ernment of the United States establishing a
postal telegraph service, and operating the
same in connection with the Postoffice De-
partment.

RESOLVED, That the coinage of silver
should be placed upon the same basis as that
of gold, and we invoke early Congressional
legislation to that end.

RESOLVED, That it is the duty of the Legisla-
ture to enact such laws as will result in the
purification of the jury box and better pro-
mote the administration of justice.

RESOLVED, That it is the duty of the next
Legislature to pass such laws as shall reduce
the expenses of State and county governments
to the lowest possible limits consistent with
the requirements of the public service.

RESOLVED, That the earnest attention of
Congress and the State Legislature is directed
to the subject of codifying the laws relating
to the location and working of mineral lands
of the State; that in providing for such
codification the State should have in view the
development of our chief source of wealth
may best be promoted.

RESOLVED, That the appropriation by a Re-
publican Congress for the payment of pen-
sions to invalid Union soldiers and to the
widows of the Mexican war is the discharge
of a debt of honor and law—a generous remem-
brance of our country's defenders in its
greatest hour of peril.

RESOLVED, That in the judgment of this
convention the Legislature, when next con-
vened, should make the necessary provisions
for a convention to revise the entire constitu-
tion of the State; that in providing for such
convention well-guarded restrictions should
be made, defining the number of delegates,
their compensation, and fixing the duration
of its session; that we believe such a con-
vention is imperatively demanded by the urgent
necessities of the times, and among others
for the following cogent reasons: First—to
change the fundamental law so as to secure as
nearly as may be the equal and uniform tax-
ation on all property subjected thereto, to re-
gulate and render equal and just all the
rates of passage and freight upon all railroads
doing business in this State, to the end that
our leading industries may be fostered and
not oppressed, built up and not overthrown;
and third—to secure the reduction of the ex-
penses of the State to the minimum by dis-
pensing with all unnecessary officers and em-
ployees, rendering more speedy and economi-
cal the collection of public revenue, and the
general administration of justice.
